Tailwind CSS

SEO

Machine Learning

LANGUAGES

English

Urdu

Punjabi

EXPERIENCE

Software Engineer

2024 - Present

Soft Enterprise / Unisoftwares / Devcotk

- Worked on MERN stack projects and learned practical implementation of React, APIs, context management, and project workflows.
- Contributed to frontend development, UI improvements, debugging, and API integration tasks.
- Gained experience with Next.js, routing, state handling, and collaborative development practices.

Final Year Project - Cotton Expert Doctor

2024

- Developed a React Native mobile application that helps users detect cotton crop diseases.
- Integrated disease detection logic and user-friendly design for smooth mobile interaction.
- Performed testing to improve reliability and ensure better end-user experience.

PROJECTS

MERN Stack Development Projects

- Built and maintained responsive web applications using React.js, Node.js, Express.js, and MongoDB.
- Worked with REST APIs, authentication flows, UI state management, and reusable component design.

EDUCATION

Bachelor of Software Engineering

2020 - 2024

University of Lahore

Higher Education in Computer Science

2018 - 2020

Superior College, Shahkot
